Message From The President

Hello Fellow Members:

First of all I would like to say Thank You to Raymond Bandy and his mother for the donation of the glass hutch in the ready room. This will contain a library for members use once we can secure it. We have an exciting new shooting discipline at the Club. Member Dave Dudziak has started an in house PPC league. I will let Dave say more on that in his column. If any one would like to try PPC, the range will be open on selected Monday evenings. Make sure you watch the blackboard for dates and times. Once again the gun show season is upon us. As usual, I am looking for members to help man the BR&R table at these shows. If you would like to help out please call me at 359-4737. Working a gun show is a great way to get your work party credit and you get free access to the show. Please come out and support your club.

We will be finishing the lighting project in time for the pistol league season.

If any members have any concerns or suggestions, there is a suggestion box in the ready room. Please use it. Also my phone number is 359-4737, e-mail is melp2223@yahoo.com. Please call or e-mail me with any concerns. Subject line for e-mail should be BR&R.

That's all for now, hope to see you on the range.

Mel Pempsell

PISTOL TEAM

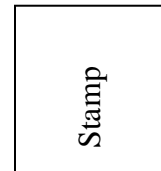

The Niagara Frontier Pistol League is about to start up. The first match will be the first week of October. Our home matches are shot on Thursday nights and away matches are shot on the home team pistol night. A copy of our schedule can be found on the BR&R web page. Current team members will be contacted by the team captain, if you would like to shoot for the BR&R team contact Stuart Casselberry @ 677-4423 or Donald Groden @ 824-1538. Remember practice makes perfect, and all the practice you get on the pistol team may help you get that big buck come deer season.

JUNIOR SHOOTING

The BR&R Gun Club sponsors a Junior Rifle night that may be attended by the children of members and non-members alike. The Rifle instructors are Stuart Casselberry and Donald Groden, both of which are trained club Range Safety Officers. Each is DCM/CMP Service Rifle shooters and experienced military shooters. Stuart is a NRA Certified Shooting Safety Instructor and Boy Scout Shooting merit badge counselor. Don is also a NRA certified rifle instructor.

The Junior Shooting Program is an all-inclusive training program. Shooters must be 12 - 18 years old and accompanied by a parent to the first meeting. Training is open to both boys and girls and they can bring their personal .22 rifle or .177/.22 pellet rifles. The club provides the shooters with .22 caliber rifles, ammo, jackets, eye and ear protection and shooting mats. Horseplay on the range will not be tolerated. Juniors are required to attend a shooting safety course at their first meeting and then are taught shooting basics. Upon successful completion of the training the juniors are allowed to attend the shooting relays. Relays cover the Standing, Kneeling, Sitting and Prone shooting positions.

Safety is always stressed, and reoccurring training in safe shooting is ongoing. Shooters are always encouraged to ask, anytime a shooting/safety question comes up. The Junior Shoots are on the 1st, 3rd and 5th Fridays of the month. Shooting starts at 7:00 P.M. and runs until 9:00 P.M. This covers 5 relays and a cleanup of the range. Range fees for Juniors is \$4.00
